

## Rudy Whitaker

September 3, 2003 - September 5, 2020

Rudy Whitaker, beloved fur baby of Jay and Marianne Whitaker, crossed over the Rainbow Bridge on September 5, 2020. Born in Noblesville, Indiana, on September 3, 2003, he had many nicknames including Noodle, Shmedley, Rudester, Rudes and Pop's. Rudy had three human siblings, Eliana, Hannah and Taylor; and pet friend, nephew, Teddy.

His favorite toys were catnip rainbow and foil balls, and anything catnip!

As shared by his pet parents: Rudy was a good little boy. He loved us and was very devoted to all of us. He always waited by the door when he heard us come home. He loved to lay in the sunbeam, play with his catnip rainbow and balls. He loved to play fetch with foil balls. He would go get them and drop them at our feet and bat them around. He also played keep away with us all, him being in the middle, and paw and catch the ball in mid-air. He loved to snuggle and sleep with us. Blankets were a favorite. He would always sit on the bathroom counter and watch the girls put on their makeup. He loved the Christmas tree. He would play under the tree skirt. He was always so excited when his favorite humans were home. He would get the zoomies and run the house with a funny growl. He was a very vocal man. We miss you little buddy! You gave us 17 years of love, fun and devotion! You were a blessing for sure! You were always a constant in our lives. You loved us no matter what. We have been through a lot together. You will always be in our hearts!
