

Sasha Jamieson

April 17, 2009 - August 7, 2025

Sasha was born April 17, 2009, in Plainfield, IL. She was adopted by her family on September 9, 2009. Sasha was a very shy kitten hiding in her cage at Oswego Animal Hospital in Oswego, IL. Her Pet Mom, Sally, chose her because she was so timid and everyone was gravitating towards the more friendly cats. Sasha continued to be timid in her new home, and spent her first day in the Jamieson home in her Dad's lap. Sasha loved her new family, and her favorite person was her Pet Mom, Sally. Sasha liked to "talk" and ask for treats. She always gave this cute little trill when she was jumping up and down from furniture and perches. She took time to be comfortable around new people, but once Sasha decided she liked someone, she was a real sweetheart.

In 2012, much to Sasha's dismay, a second cat the same age as she was, was added to the Jamieson family. Oliver was a sweet cat who adored Sasha. He treated her like the Queen she was. She learned to tolerate Oliver, and even became quite fond of her.

In 2014, the family relocated to Muncie, IN. Sasha loved the large living room window where she and Oliver watched the birds, squirrels, and chipmunks.

After Oliver got sick and passed away in 2019, Sasha kept searching for her brother. Two months later, the family adopted Eevie, a seven month old kitten.

Sasha and Eevie were "frenemies", sometimes playing together and having fun, and other times some mutual jealousy, but always entertaining.

Sasha's favorite place was her Mom's lap. When Mom was due home from work, she often sat on the foyer rug staring at the front door, waiting loyally for Mom. Then she'd meow until she was given kitty treats.

Even when Sasha's health started to decline, she still remained steadfast and loyal, wanting to be near her family all the time.

Sasha crossed the Rainbow Bridge on August 7, 2025. She is survived by her Pet Parents, her kitty sister Eevie, her special sister, Kaitlyn, who Sasha lived with most of her life, and two other sisters and two brothers. She was predeceased by her kitty brother, Oliver, who she has reunited with. The house is too quiet without Sasha and her meows and chatter.
