

## Sitka LaManna

July 1, 2006 - January 19, 2018

Sitka was taken home to be with her best friend and parent, Laura, from the Minnesota Valley Humane Society in July of 2006. She rode home that day on the car console for the first time. Affectionately called Baby Girl and Mama's Baby, she did not like baths but enjoyed walks, car rides sitting on the console (her favorite spot in the car), going to the dog park, cuddling, and just following her Mama around to be close. Always wanting to stay nearby and keep Laura in sight, she would fall asleep at her feet every night. She loved salami and dog treats, too. No matter where Sitka's Mama went, Sitka was sure to follow and protect--from Minnesota to Maine to Indiana. She was always there to support her parent on good days or bad. By Grandma D's side, Sitka still never lets her Mama out of sight as she watches over her from Heaven.

*So sorry for your loss! What a beautiful baby!  
When you lose someone you love, you lose a part of yourself. What remains forever is the love you shared! Even death cannot break the bond of love you shared. She will always be with you, snuggled close in her favorite spot - in your heart. ❤️*

*LM- Laura, Very Sorry. Sitka had a very good and loving life with you. That's the best you can ever do. "A heart that is broken, is a heart that's been loved".*
