

Spook Feters

September 13, 2010 - August 6, 2025

Spook ("Spooky Spookster") was born on September 13, 2010; and passed on August 6, 2025. She is survived by her pet parents, Danny and Sandra Feters; human siblings: Andrew, Danielle, David, and Paige; pet siblings: Boo, Binx, Reaper, Buster Brown, and Suzie Q. Other family and friends are Cedric, Edward, Katie, Shleby, Diandra, Dontrez, Aalyah, Cameron, Liam, Avan, Carson, Alana, Aaris, and Sofia.

Spook loved her bed. Her favorite activities were being close and petted. She loved to be loved and loving you back. Her least favorite thing was Boo, Binx, and Reaper wanting to play. Her favorite place to sleep was on the arm of mom's chair or dad's chest.

Favorite memories of Spook: If you held her on your shoulder, she would hug you with her little paw and purr so loudly in your ear that it was all you could hear. Her meows sounded like neow, neow, neow.
