

Sprinkles Marie Flanigan

February 15, 2023

On February 15th 2023, our Sprinkles Marie (18) left this earth to be with her brother CreamPuff. In doing so, she left behind her loving family; Bryan, Amy, Maverick, Brylee, and Nadia... Also Bacon and Queenie.

Sprinkles loved to play with her baby dolls, lasers, and the occasional piece of candy that she would find on the floor. Her past-times would include bird and mouse watching with her window feeder, as well as sitting on her pop-pops lap and watching T.V. Shows. She was spoiled rotten because Sprinkles was our family and was always treated as such. She absolutely loved Christmas time and would always receive her own gifts, and you would always find her under the tree. She was in almost every photo from Christmas times past, ripping open her gifts! She was for sure, a Christmas cat! She had so many nicknames, Minky, Piinkii Pi, and Sprunkles to name a few. She understood words and would often times seem to respond with various types of sounds and meows. Sprinkles had the softest fur! Her mama could pet her all day if Sprinkles would allow it, and she was clean and always smelled like heaven. She was a mama to a couple different litters and was a good one at that.

She had a thyroid condition that would cause her to be very talkative later in life. The only way to quiet her was to give her a lot of treats!! She loved treats! She enjoyed tasting all kinds of new foods, and enjoyed a sneak of her families foods if they weren't looking. She loved to sit in any box she found

and investigated every bag or packages that came into the house.

Sprinkles was a light for her mama, and will be missed more than words could ever explain. Even though we had her for 18 years, forever wouldn't have been long enough to spend with Sprinkles. Her family will miss her always. We love you Sprinkles!
