

Tucker Lang-Heltzel

January 13, 2026

Tucker was an amazing boy. He was such a beautiful soul, full of love and happiness. As a kitten he was a street cat looking for a forever home. He brightened our lives beginning 6/29/2019 at an estimate age of 8 years old. From day one he was full of purrs and happiness. Even with very few teeth he loved eating, he could eat all day if he wanted. He enjoyed hunting his gray mouse and bringing it to us, with old man meows and purrs. He always wanted to cuddle and didn't want to be out of sight, he always wanted to be around us. His favorite napping spot was on his pet mom's lap or in her arms- and he would, all day, if it wasn't food time. We were beyond fortunate to make lasting memories with Tucker, and those memories we will have and be able to share forever. Even though he's gone, he will never be forgotten. We will always love him.
