

## Uschi Fritz

April 28, 2025

With heavy hearts and endless love, we said goodbye to Uschi, our sweet girl, on April 28th, 2025. At 12½ years old, she passed peacefully, surrounded by the family who adored her and the love she gave so freely every day of her life.

Uschi was more than a dog — she was family, a loyal companion, a best friend, and the heart of our home. Known lovingly as Boss Dog, Stick Dog, and always our Sweet Girl, she lived life with joy, curiosity, and unwavering devotion. Whether she was chasing sticks with wild enthusiasm, sampling every bite as the official "taster of the food," or riding shotgun in the UTV, her zest for life was infectious.

When she was younger, Uschi loved her time in Search and Rescue — especially searching for the "Soothers" and spending weekends training in the woods. Her spirit for adventure never stopped there; she was known for boldly tackling squirrels in the yard and heroically rescuing sticks from the fire pit, always certain they needed saving. True to her nature, she loved everyone she met and never missed a chance to snuggle in her mom's lap — her favorite place in the world.

Uschi showed us what it means to love without limits, to embrace every moment, and to find happiness in life's simplest pleasures — a breeze on your

face, a ride through the neighborhood, or a favorite stick between your teeth. Though our arms ache without her, our hearts are filled with the warmth of her memory. Her spirit lingers gently around us — in the whisper of leaves, the wag of a tail, and every soft breeze that reminds us she's still near.

Run free, sweet girl. You were, and always will be, so loved.
