

Zana Lynne Genders

February 12, 2019

Zanna Lynne "Momma, Tubby" Genders, passed away February 12, 2019. She was born sometime in 2006, and she came into our home from the Hamilton County Humane Society in the Spring of 2008.

Zanna's favorite toy was a crumpled paper ball. She loved many things in her life including: eating anything especially Frito's bean dip, sleeping on her blanket, making biscuits on everyone, rubbing her head against everyone, and dancing. She however did not like having her stomach poked and nails clipped.

Zanna is survived by her pet parent, Billie Foukas; siblings-Human: Daniel Genders, Troi Genders, and Riley Bates; siblings-Pet: Molly (cat), Mittens (cat); and other Family/Friends, Cesar , Petey (cat), Cooper (dog), Donovan, and Lexi.

She was preceded in death by a sibling-Pet, Jack (cat, passed 2012).

"How she was such a good cat, very sweet and loving. She had a very calming nature about her and she won over people who don't usually like cats. Whenever Troi was sad she would come up and sit on her lap. Whenever you came home she would be waiting at the door for you for pets. She liked to wear costumes and dressed up as a lion, a unicorn and wore various hats.

She was always very curious about what anybody was doing regardless of whether or not they knew her. We would frequently get notes back from maintenance workers about how friendly she was."
