

Zayda Barbosa

April 18, 2016 - July 3, 2024

Our sweet girl Zayda entered this world on April 18, 2016.

Zayda was one of the sweetest and laziest English Mastiffs that you would ever meet! She brought so much love and laughter to our lives. Such a well behaved girl. She is survived by her parents Amanda & Jason Barbosa; human siblings: MaKayla, Noah & Addisyn; pet siblings: Demi, Piper, Gia, and Winnie. Other special family Uncle Shawn and Cousin Big Mac.

Zayda loved playing with balls or any other toy that she could shred to pieces. She loved belly rubs, car rides (even though she barely fit) chasing the outside cats, running around being goofy in the snow and being outside during the summer, soaking up the sun. Any chance she got she loved sleeping in her parents bed otherwise she loved being cuddled up with her sister Demi in their own personal twin bed.

Our Zayda girl was the sweetest, most innocent soul. She always put a smile on our face with her silly looks. She never knew her big size, this 195lb dog always thought she was a little lap dog. Zayda crossed over to the Rainbow Bridge on July 3rd, 2024 with some of her family by her side. It was peaceful, she laid in the grass under a shady tree.

All the times I hated those smelly mastiff farts or slobbers on my floor/clothes

is what I'm really gonna miss! I'm so grateful for the past eight years I've had with this sweet girl but it just really sucks that big dogs have such short lifespans.

RIH ZAYDA

You are already missed SO much. From your endless cuddles to your ferocious appetite to your loud snoring... Now you are no longer in pain. I love you my big girl!!! Forever my gentle giant.
